**Subject:** RE: Meeting Request

Hi Nate,

Thanks so much for your response. Yes, we have a 2:00 PM with Alex Dunn and Tate Bennett. We are requesting this meeting with Mr. McIntosh to discuss international issues and particularly EPA engagement with other agencies on matters related to agricultural trade and exports. We would cover the same issues with Ms. Dunn and Ms. Bennett, in addition to some other domestic issues.

I hope this is helpful, and please let me know if I can answer additional questions. Thank you for your help.

Best regards,

*Luke Tomanelli*

Hey Luke,

I would be happy to coordinate a meeting for Dr. Miller and Chad. However, I do have to ask if you are already meeting with Alex Dunn while you are at the EPA. Alex serves as our Assistant Administrator for the Office of Chemical Safety and Pollution Prevention – handling the vast majority of our agricultural issues.

Please let me know if additional outreach is needed and I can coordinate with her staff.

Best,

Nathaniel Zimmer

Hi Nate,

I work for Bayer Crop Science in the Washington, D.C. office. On Wednesday, January 8, Dr. Phil Miller – Senior Vice President for Global Agricultural Relations – will be in Washington for meetings. We were hoping to set up a meeting for him with Chad McIntosh to discuss international issues related to our crop protection portfolio. We will already be at EPA for a 2:00 PM, so were hoping to find some time with Mr. McIntosh as well. I very much appreciate your consideration, and please feel free to give me a call if that would be easier.

Many thanks and have a great weekend.

Best regards,

*Luke Tomanelli*
